The World's Largest Hotel

Great achievements in engineering are brought about by the harmonious work of many. The individual's largest opportunity comes through the exercise of his own creative talents in the field for which he is preciously prepared.

THE larger a hotel, the larger loom the difficulties of ventilating it; of handling the crowds that ride its elevators. The larger, too, looms the interest of engineers in designing electrical equipment to meet such unprecedented demands, of salesmen in selling it,

of service engineers in installing it and keeping it in top-notch operating condition.

To Westinghouse came the Hotel Stevens for ventilating motors, for its elevator system, for the electrical equipment of its laundry. To Westinghouse came many undertakings of such kind and size—a steady stream of imagination-stirring opportunities to do the never-before-

accomplished. All of tremendous interest to college men who have ambition, resourcefulness, capacity; disciplined sales and engineering minds.

The Hotel Stevens contains 3,000 rooms and baths. The Variable Voltage Control System used in the elevator was designed by Westinghouse. Whether you ride ten floors or only one, there are no jerks or jags. Speed is the same whether the car is

empty or whether it's packed. Cars automatically stop level with the floor—no "jockeying"—no "stop up," or "stop down, please."

Westinghouse

Special—There will be special matinees every Friday and Saturday at the "New Ames" this season.

Coach Workman--Captain Lindblom

Head Coach Noel Workman, sometimes better known as "Dopey," is launching on his third season as taskmaster of the Iowa State College football eleven. With a mediocre season two years ago, characterized by green material and a host of injuries; followed by a better season last year, the Workman-coached Cardinal and Gold eleven is expected to spring more than one surprise in 1928 "Big Six" football.

Coach Workman began his football career at the Huntington, W. Va., high school, continuing with a year at Bethany College.

He then spent a year helping the United States subdue the Germans, entering the Ohio State University after his discharge in 1919. At Ohio Workman was a member of the 1920 Ohio eleven, said to be the best aggregation that Doc Wilson ever developed.

Upon graduation he coached three consecutive Simpson college football eleven to Iowa Conference championships, coming to join the Cyclone camp in the fall of 1924. A game in which a Workman-coached eleven is performing is always worth seeing.

COACH NOEL WORKMAN.

—Photo—

Seen here is Harry Lindblom, pilot of the 1928 Cyclone grid team. For an aggressive, heady, and ground-gaiting half back this Cyclone captain has few better. A brilliant season is predicted this year for Captain Lindblom.

Lindblom is a product of East high school of Des Moines. At the Des Moines high school Lindblom's fame as a ball-toter spread thru-out Iowa high school grid circles. He was a member of the East high team that won the Des Moines city championship for three years straight.

The Cyclone captain is a senior student in the Civil Engineering Department of the college.

Capital orchestra downtown has been enlarged and all pepped up. Go down and hear it.

TRANSPLANTED from an estancia in old Seville to a distinguished residence in town, this bathroom is as Spanish as the sharp click of castanets. Though the shutters dull the direct stare of the sunlight, the room is bright with the gleam of tile and porcelain; rich with an old world beauty, replete with sanitary convenience that is truly American. A

good idea? You will find many more, equally good, in *New Ideas for Bathrooms*, an inspiring book of decorating suggestions, blue prints, floor plans, and vital plumbing information. It will gladly be sent on request. . . . It is a pleasant surprise to consult a reputable plumbing contractor and learn that a complete Crane installation rarely costs more than any of comparable quality.

It's More Convenient To Shop At Home

"I always buy at home because it is more convenient," a customer told us. "Shopping out of town means a tiresome trip, and if my purchase isn't satisfactory it is difficult to adjust the matter."

"With such good stores as we have here, I wonder anyone goes anywhere else."

One of the season's finest, "The Whip," opens at the "New Ames" Monday.

When you build castles in the air put a
"Bank Account Foundation"
under them.

And make your "air castles dreams"
come true.

Travel By Motor Coach

Frequent schedules conveniently arranged and competently operated link Central Iowa's principal cities and towns. Coaches between Ames Campus and Des Moines leave both terminals on the odd hours throughout the day.

Ask our drivers or agents for complete schedules showing the net work of lines serving Iowa's people daily.

Buster Keaton will put a crimp in your groove—Capital downtown Monday and Tuesday.

RAYMOND CONGER

RAYMOND CONGER

Member of the 1928 American
Olympic Team

This is Ray Conger, former Cycloneinder star, who was the only American to enter the finals of the 1,500-meter run in the International Olympic games held this past summer at Amsterdam. Conger holds the national record in this event, breaking the tape in 3 minutes and 55 seconds in the American tryouts last spring. Conger was Cyclone track captain at Iowa State in 1926.
